scarbone@ctaudubon.org. Thank you!

**CONNECTICUT AUDUBON SOCIETY
MISSION STATEMENT**

Founded in 1898, Connecticut Audubon Society conserves Connecticut's environment through science-based education and advocacy focused on the State's bird populations and their habitats. CAS operates nature facilities in Fairfield, Milford, Glastonbury and Pomfret as well as an EcoTravel office in Essex, and an Environmental Advocacy office in Hartford. CAS is an independent organization, not affiliated with any national or governmental group. Connecticut Audubon Society manages 19 wildlife sanctuaries around the state, preserves over 2,600 acres of open space in Connecticut and educates 200,000+ children and adults annually.

Working exclusively in the state for over 110 years we seek to:

- Engage and educate a diverse community of all ages about our environment in order to inspire a lifelong sensitivity and active concern for its preservation;
- Provide the highest quality information, education, programs, experiences and challenges to motivate responsible action for living in harmony with nature;
- Promote the conservation and stewardship of species, habitats and ecosystems in the state.

This is our heritage.

Explore and enjoy our natural world!
