Birthday Parties

We look forward to helping you celebrate your child’s birthday at our Center. To make the event special, we urge you to reserve a date at least one month in advance.

Because of space limitations, we ask that you limit your guests to no more than 30 individuals (children and adults).

Our staff conducts the educational program but does not provide additional adult supervision during the reserved time. We ask that you provide 1 adult for every 7 children. You are welcome to decorate the room.

Please call 860-633-8402 Monday-Friday to arrange a date and program for a party. Parties are scheduled on non-holiday Saturdays at 10 a.m and 12:30 p.m. if space and a teacher are available. All cleanup must be completed before we close at 3 p.m. Weekday times are rarely available, but call us if that’s your need.

Mission:
The Connecticut Audubon Society conserves Connecticut’s environment through science-based education and advocacy focused on the state’s bird populations and habitats.

Located near the Connecticut River, the Connecticut Audubon Center at Glastonbury has taken full advantage of its unique location since its opening in 1982. This Center’s focus is to promote conservation of the Connecticut River ecosystem and to foster stewardship of our environment through K-12 STEM education, citizen science and conservation action programs for people of all ages.

The Center is adjacent to the 48-acre town-owned Earle Park, with its forest trails and scenic vistas of Tom’s Pond, meadows, and bluffs overlooking Holland Brook, and culminating at the Connecticut River. The park is home to a maturing forest of beech, tulip, and red oak trees and contains the state champion bitternut hickory tree. It contains trails for hiking, cross-country skiing, and horseback riding.

Memorable Birthdays

Celebrate your child’s birthday at the Connecticut Audubon Society Center at Glastonbury and have a fond memory that will last for many years.

Party Costs
• $150 member cost, with one program.
• $205 non-member includes a $55 membership good for one year.
• $50 for optional second program.

Party Details
Parties are scheduled for 1½ hours; an additional ½-hour program can be added for an additional fee. Please bring your own refreshments and paper goods, including tablecloth, napkins, plates, candles, etc. We have some washable dishes, cups, glasses and utensils that we would be happy to share. Just ask!

We offer a variety of programs customized to the interests of your child and appropriate to the age of the attendees.

Educational Program Options

Animals at the Center
Our most popular party is a visit with live animals from our Center. This interactive experience is an excellent opportunity to introduce your child and guests to the natural world through respect for all living creatures.

Pond Life
Include an outdoor adventure that explores Tom’s Pond which is just down the trail in Earle Park. Available weather/season permitting.

A Walk in the Woods
Take a mini-adventure into the woods and visit the pond, stream, and woodland trails. Available weather permitting.

If the child has a special interest, please note it on the application so we can design the program with that in mind.
